PORTFOLIO

TARGET ROLE: HELP DESK TECHNICIAN

PROFILE

Public-safety leader and educator pursuing a help desk technician role. Brings experience in employee training, documentation, and technology implementation, supported by FSCJ coursework in technical support and project management.

PROFESSIONAL EXPERIENCE

Atlantic Beach Police Department

1997–present

Current role: Investigations and Administration Commander / Emergency Manager

- Coordinate technology implementation, employee training, policy development, and communication with partner agencies.
- Oversee investigations, records, communications, evidence and property, employee development, and organizational projects.
- Plan emergency preparedness and response activities, coordinating priorities, personnel, and resources.

St. Johns River State College

April 2010–present

Law Enforcement Academy Instructor

- Explain criminal justice procedures to adult learners through presentations, practical examples, and guided instruction.
- Evaluate learner performance, provide feedback, and maintain instructional and assessment records.

Florida State College at Jacksonville

2003–present

Criminal Justice Instructor | Northeast Florida Criminal Justice Center

- Deliver criminal justice and law enforcement instruction to support professional development.
- Explain leadership, ethics, public safety, and professional responsibilities through practical law enforcement examples.

RELEVANT ACADEMIC EXPERIENCE

Florida State College at Jacksonville

MAN 2582 — Introduction to Project Management

- Applied project management principles to initiate, plan, execute, monitor, control, and close academic projects.
- Used project management software to create schedules and plans and align project resources.
- Assessed project deliverables, progress, and risks against project and organizational objectives.

CTS 1154C — Technical Support (in progress)

- Customized a GitHub Pages portfolio template and prepared résumé files for web publication.
- Compared ChatGPT, Gemini, and Copilot for troubleshooting guidance, user communication, and incident documentation.
- Prepared an IT organizational chart, presentation materials, and written troubleshooting and escalation responses.
