PORTFOLIO

PROFILE

Public-safety leader and criminal justice educator applying communication, documentation, training, and project coordination experience to technical support. Completing FSCJ technical support coursework, with academic work in GitHub portfolios, user-support documentation, and project management.

PROFESSIONAL EXPERIENCE

Atlantic Beach Police Department

1997–present

Current role: Investigations and Administration Commander / Emergency Manager

- Oversee investigations, records, communications, evidence and property, employee development, and organizational projects.
- Coordinate technology implementation, employee training, policy development, and communication with partner agencies.
- Plan emergency preparedness and response activities, coordinating operational priorities, personnel, and resources.

St. Johns River State College

April 2010–present

Law Enforcement Academy Instructor

- Explain criminal justice procedures to adult learners through presentations, practical examples, and guided instruction.
- Evaluate learner performance, provide feedback, and maintain instructional and assessment records.

Florida State College at Jacksonville

2003–present

Criminal Justice Instructor | Northeast Florida Criminal Justice Center

- Provide criminal justice and law enforcement instruction and professional development.
- Connect practical law enforcement experience with academic concepts in leadership, ethics, public safety, and professional responsibilities.

RELEVANT ACADEMIC EXPERIENCE

Florida State College at Jacksonville

MAN 2582 — Introduction to Project Management

- Applied project-management principles to initiate, plan, execute, monitor, control, and close academic projects.
- Used project-management software to develop schedules and plans and align project resources.
- Evaluated project deliverables, progress, and risks against project and organizational objectives.

CTS1154C — Technical Support (in progress)

- Customized a GitHub Pages portfolio template and prepared résumé files for web publication.
- Compared ChatGPT, Gemini, and Copilot uses for troubleshooting guidance, user communication, and incident documentation.
- Prepared an IT organizational chart, presentation materials, and written troubleshooting and escalation responses.
